1. About the Hackathon

AIVibex1.0 ,one-day software hackathon hosted by the Department of Artificial Intelligence & Machine Learning (ARTIFERA) at Mangalore Institute of Technology & Engineering, Moodbidri. Teams of three receive their problem statements on the event day, build a working software solution within a **5-hour development window** using any approved AI tools, push their code to a public GitHub repository, and are evaluated by lecturers.

The event runs on **Thursday, 12th November 2026** at the **Innovation Centre**, from team reporting at 9:05 AM to prize distribution at 4:15 PM. Participation is limited .

This rulebook applies to every participant, organiser, judge and volunteer. By registering, participants agree to follow it in full.

> **HACKATHON VISION & CORE MANDATE**
> Everything is built live, on the day. No pre-written code, no templates and no outside help. Every AI tools allowed which includes **Claude, ChatGPT and Antigravity**. Build it. Vibe it. Ship it.
